CCIMS Showed +/- 5,500 Cadets in Nov

LESSONS LEARNED

- MS IVs must continue to train on campus to prepare for BOLC II.
- 2LT movement to BOLC II will continue to present manning challenges.
- We must continue to update our training variables to maintain relevance and prevent gamesmanship (FLRC, STX Variables, etc).
- We must continue to refine LDP to combat N-Avoidance Syndrome.
- The “Band of S” is pretty wide – discussion to follow

LESSONS LEARNED

- On campus continue to emphasize :
Whole Person Physical Fitness
CWST
TLPs and FM 7-8 Doctrinal Proficiency
Land Navigation
Field Craft
Cadre Preparation
- Cadet Command TDA must be approved early, and Brigade CDR/SGM personal involvement in “Key Leader” and duty position match – up is essential.
